VACUUM & POOL CHECK SERVICES-2009-Z1

We offer 2 basic Weekly/Bi-Weekly services, namely our "VACUUM SERVICE" and our "POOL CHECK SERVICE". The prices below are based on the VACUUM/POOLCHECK service being provided for the entire Summer season.

For us to provide VACUUM/POOL CHECK service, you must have an automatic Chlorinator or Brominator installed in your plumbing system. All chemicals required to maintain your pool must be supplied by Poolmaster; our servicemen will not use any chemicals obtained from a source other than Poolmaster.

VACUUM and POOL CHECK services are available on a WEEKLY, TWICE WEEKLY or BI-WEEKLY basis. Please tick off the appropriate box below for the service you require, and indicate the Day(s) you would ideally like the service performed. Please note, if you subscribe to VACUUM SERVICE, have an automatic pool cleaner and we arrive to vacuum the pool and find it clean, we will perform the POOL CHECK service and invoice you accordingly at the lower rate.

VACUUM SERVICE:

	<u>Summer Rate</u>	<u>After Labour Day Rate</u>
<input type="checkbox"/> WEEKLY	\$ 70.00/Hour	\$ 80.00/Hour
